Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

Simplified diagram

DFD Level 0 (Industry Standard)

User Stories

| User Type | Functional Requirement (Epic) | User Story Number | User Story / Task | Acceptance criteria | Priority | Release |
|----------------------------|-------------------------------------|----------------------|---|--|----------|----------|
| Customer (Mobile user) | Registration | USN-1 | As a user, I can register for the application by entering my email, password, and confirming my password. | I can access my account / dashboard | High | Sprint-1 |
| | | USN-2 | As a user, I will receive confirmation email once I have registered for the application | I can receive confirmation email & click confirm | High | Sprint-1 |
| | | USN-3 | As a user, I can register for the application through Facebook | I can register & access the dashboard with Facebook Login | Low | Sprint-2 |
| | | USN-4 | As a user, I can register for the application through Gmail | I can receive conformation mail through gmail | Medium | Sprint-1 |
| | Login | USN-5 | As a user, I can log into the application by entering email & password | I can log into the system using email and password | High | Sprint-1 |
| | Dashboard | USN - 6 | As a user, I can select the list of options provided in the dashboard | I can access the options according to my need | Medium | Sprint-1 |
| Customer (Web user) | Search | USN-7 | As a user, I can search for different variety of fruits | I can get the nutrition content of different fruits | High | Sprint-2 |
| | View | USN-8 | As a user, I can view the list of fruits | I will get the information such as calories, vitamins | High | Sprint-2 |
| | Notifications | USN-9 | As a user, I will receive notifications about variety and textures of different fruits | I will get the frequent update of different fruits | Low | Sprint-2 |
| Customer Care Executive | Mediator | USN-10 | As a customer care executive, they could take care of customer feedbacks and solve user requirements | Users can get help and support from customer care executives | Medium | Sprint-2 |
| Administrator | Database | USN-11 | As a admin, I will store the user database confidentially | I can store and access data if it is needed infuture | High | Sprint-1 |
| | Data Information | USN-12 | As a admin, I will include the dataset for performing various processes | I can store dataset and analyse it | High | Sprint-2 |
| | Processing | USN-13 | As a admin, I will use various convolution layers for image processing | I can process using various convolution layers | High | Sprint-2 |

| Nutrition Analyzer | USN-14 | As a admin, I will predict the fruit that has send | I can get the nutrition | High | Sprint-2 |
|--------------------|--------|--|----------------------------|------|----------|
| | | as input | content of particular food | | |
| | | | after processing and | | |
| | | | display it | | |
